## **ELIY Power signed a technical sponsor contract with Kawasaki**

**「Kawasaki Team GREEN」 mounted our lithium-ion starter battery for their motorcycle.**

ELIY Power Co., Ltd. (Head Office: Tokyo, Japan; President: Hiroichi Yoshida), today announced that it has concluded a technical sponsor contract with Kawasaki Motors Corporation Japan (Kawasaki, Head Office: Akashi-city, Hyogo, Japan; President: Takeshi Teranishi) and supplies battery for 「Ninja ZX-10RR」, Kawasaki Team GREEN's motorcycle participating in All Japan Road Race Championship in 2017.

All Japan Road Race Championship is one of the most prestigious road race championships in Japan by MFJ (Motorcycle Federation of Japan) and riders compete in the race with motorcycle whose specifications are similar to the ones on the market.

ELIY Power has developed much lighter lithium-ion battery compared to the lead-acid battery with the same capacity. In addition, the battery can provide high safety, excellent startability, wide operating temperature and long cycle life, The performance is so attractive that the battery was adopted this time.
